EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Pursuant to MPEP § 606.01, the title has been changed to --DISK DRIVE SYSTEM WITH [INTERNAL] INERTIAL ARM PREVENTING SHOCK--.

Non-elected claims 8-13 have been cancelled. The restriction requirement was made final by the Examiner on November 23, 2004.

2. Claims 2-3, 14-17 and 19-21 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Regarding independent claim 2: See Applicant's arguments filed December 29, 2005, which are persuasive.

Regarding independent claims 19-21: A person of ordinary skill in the art would not have been motivated to further modify Campbell (US Pat. No. 4692829) in view of Reinhart (US Pat. No. 5734527) to arrive at the claimed invention absent impermissible hindsight reasoning.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
